The wonderful cold season

Welcome to Norway's largest, most spectacular winter resort. Have fun at our alpine centres, explore some of the world's best cross-country ski trails, or try a range of other winter pursuits – such as dog sledding, winter park with snow hotel and ice cathedral, bobsleigh, tobogganing, sleigh ride, snowshoeing, ice-skating, or simply a walk during the twilight hour.

If you prefer the indoors, Lillehammer and its surrounding towns and villages are renowned for excellent shopping, wonderful cuisine, and activities such as climbing – to mention but a few. Visiting the winter sports events is also highly recommended, either as participant or as spectator.

Our Christmas towns are well worth a visit, and the joy of the festive season is celebrated throughout December. Another event not to be missed is the 25th anniversary of the 1994 Winter Olympics in February. Whatever you choose to do, we hope that your stay with us leaves you with unforgettable memories.

Enjoy!

Explore Lillehammer og Gudbrandsdalen – a destination with spectacular scenery, unique attractions and great adventures.

Lillehammer 1

The famous pedestrian street in Lillehammer offers a cosy village feel rarely found in urban settings. Storgata, lined with idyllic wooden town houses, provides the framework for a modern and friendly shopping experience and is an attraction in its own right. Lillehammer is renowned for hosting the Winter Olympics in 1994 and the Winter Youth Olympics in 2016, and has several Olympic Arenas well worth a visit. In Lillehammer you'll find great museums like Maihaugen, Norwegian Olympic Museum and Lillehammer Art Museum.

Hafjell, Hunderfossen and Øyer 2

Wide range of adventure activities within a small radius: Hafjell Alpine Centre is the ultimate ski resort, offering something to suit all age groups and skill levels. The cross-country ski trails in Hafjell and Øyerfjellet form part of Norway's largest and best trail network. Hunderfossen Winter Park is an enchanting experience in snow and ice. At Lillehammer Olympic Bobsleigh and Luge Track, you get to try adrenaline-filled Olympic activities. Other attractions include the Norwegian Road Museum, Lekeland Hafjell, and many others.

Sjusjøen and Nordseter 5 7

Sjusjøen and Nordseter are the mountain areas closest to Lillehammer. Both are located less than 20 km from the town centre, and offer cross-country ski trails of which several are groomed for freestyle skiing. In March, thousands of skiers participating in the 54 km long Birkebeiner Ski Race pass through Sjusjøen on their way from Rena to Lillehammer. Sjusjøen is also excellent for alpine enthusiasts with Sjusjøen Ski Centre offering downhill skiing as well as a cross-country and biathlon arena.

Kvitfjell, Venabygdsfjellet and Ringebu 3 10 12

Kvitfjell is home to Norway's most spectacular alpine runs, created for the 1994 Winter Olympics. On the eastern side of Gudbrandsdalen are the breathtaking Ringbufjellet, Venabygdsfjellet, and Rondane – a stunning high-mountain experience with way-marked ski trails. Ringebu is often referred to as Norway's smallest town, and has a history as a commercial centre dating back to 1899. Here you will find a wide selection of speciality shops in charming surroundings.

Vinstra, Gålå, Fagerhøy, Kvamsfjellet and Rondane Nasjonalpark 13 6 11 16

Visit the central part of Gudbrandsdalen, and discover a spectacular mountain skiing area as well as a host of cultural experiences in an authentic setting. Vinstra forms a famous part of the World of Peer Gynt, and is the region's centre. Gålå offers skiing in gentle high-mountain terrain, and the ski centre Gålå Alpin is perfect for the whole family. Fagerhøy offers well-prepared trails in all wind directions. On the eastern side of the valley is Kvamsfjellet – a gateway to Rondane National Park. In February you can take part in the Furusjøen Rundt race, also known as the Adventure of Rondane

Skeikampen, Gausdal, Espedalen and Skåbu 4 8 9

Skeikampen, some 45 minutes by car from Lillehammer, is a resort ideal for crosscountry and alpine skiing. It is located in the mountain area known as the World of Peer Gynt, where you also find Kvitfjell, Gålå, and Espedalen. Espedalen in Vestre Gausdal is another fantastic starting point for outdoor pursuits, whatever the season. It is also home to Helvete Nature Park featuring Northern Europe's largest potholes. Skåbu offers a vast, varied network of trails, with easy access from several locations.

Synnfjell 14 15

Synnfjell is a stunningly beautiful and diverse mountain area between Lillehammer and Valdres, ideal for outdoor activities such as hunting and fishing. Its highest point is the peak Spåtindtoppen at 1414 m above sea level – a popular destination both summer and winter, with panoramic views of Jotunheimen, Rondane, Dokkadalen, and Randsfjorden. With over 350 km of groomed high-quality trails, Synnfjell is ideal for cross-country skiing. Snow conditions are excellent, and the scenery varies from forest terrain to mountain plateaus. The family-friendly ski resort, Spåtind Skisenter, is located by Spåtind Sport Hotel.

Lillehammer at Christmas (November - december).

December at Lillehammer is like a Christmas story filled with magic. A story about traditions and experiences, tied together by the bonds between those sharing the adventure. Such a story should be seasoned with a dose of excitement. Gudbrandsdalen, the valley of fairytales, offers a plethora of experiences perfect for the adventurous. A twilight-hour snowshoe walk, dog sledding across snow-clad hills, or moments of family joy in Lillehammer's unique pedestrian street – the choice is yours. The magic of Christmas stories is that even when written in snow, the cold snowflakes become memories that remain forever in your heart.

Magical ski trips from mountain to mountain

– easy with the ski bus

With Lillehammer as starting point, you can choose between several spectacular ski trips leading from one mountain to another. Creaking snow beneath your skis, the enchanting winter light, and clean, fresh air in your lungs – a ski trip in the mountain is therapy for the soul! Remember to bring hot chocolate and sandwiches, and maybe some firewood. Daily ski bus services from Lillehammer to Sjusjøen, Nordseter, Hafjell, and Skeikampen.

Hafjell - Nordseter/Sjusjøen - 13 km/18 km
From Lillehammer town centre, Hafjell is within easy reach with the ski bus. Take the gondola to Mosetertoppen, put on your skis, and pick up the cross-country trails. There is a slight climb up to Hafjell. Stop for a break at Pellestova before you continue across the mountain.
The shortest route from Pellestova to Nordseter follows Reinsvannet by the foot of Nevelfjell. The longest trail leads via Ytre Reina. You can then continue to Sjusjøen, or ski all the way to Lillehammer town centre (29 km). Both Nordseter and Sjusjøen offer a ski bus service back to Lillehammer.
After your trip, it is time to enjoy a well-deserved drink at one of Lillehammer's welcoming cafés!

Motivating ski trip for children - Sjusjøen to Lillehammer town centre - 16 km
Take the ski bus to Sjusjøen, and follow a motivating and fun ski trail with plenty of downhill sections back to Lillehammer town centre. The trip follows the Birkebeiner trail, and is suitable for children aged 7 and up (depending on ski experience). This is the same route as the one used for the children's Birkebeiner race.
Starting point is Sjusjøen Ski Arena, and you will follow the Birkebeiner trail for approx. 14 km to Birkebeineren Ski Stadium. Stop for a break at "Skjervald's cabin" (from the Birkebeiner film) and enjoy the view before you zoom down the first downhill section to Sjusjøen. Through this gentle terrain, there several long slopes on the way to Birkebeineren Ski Stadium. Snow conditions permitting, you can continue all the way to Lillehammer town centre. If you opt to stop at the ski stadium, it is possible to return by bus.
Enjoy your trip in the footsteps of the Birkebeiners!

Protect nature, also when skiing!

The right to roam allows us the freedom to experience and make use of our countryside and wilderness. On skis, you are free to use the groomed tracks or follow your own trails. You may stop for a break as you please, but stay at a respectful distance from people's homes and cabins and show consideration for other skiers. Remember to clear up after yourself, and do not leave litter in nature! You may light a fire when out and about, but use dead branches only for firewood and take care not to damage the trees. Respect the wildlife.

Enjoy your trip!

SKITRIPS - FROM ONE HOTELL TO ANOTHER

Peer Gynt Trail from Espedalen to Skeikampen 80 km / 7 days
The Peer Gynt Trail passes through Peer Gynt's Kingdom on the west side of the Gudbrandsdalen valley. Destinations along the trail include Espedalen, Fefor, Gålå, Kvitfjell and Skeikampen - all well known ski resorts with long traditions in winter tourism with some of the best cross-country skiing terrain in Norway! The trails are daily prepared.

The Troll Trail south from Venabygdsfjellet to Lillehammer, appr. 100 km/ 8 days.
In the beginning, you stay 3 days at Venabu, which is situated in the forecourt of the Nationalpark Rondane. You can ski short or longer skitrips, before you will be "connected" to the ordinary Troll-Loipe and continue together with the group southwards to Lillehammer. A great skiing in the southern part of the Troll Trail, that runs from open alpine terrain close to the Rondane National Park in the north via a more "friendly" mountainous terrain to the Olympic city of Lillehammer in the south.

VISIT RONDA BLIKK

Chapter one of the Christmas story may be a family outing to the market at Maihaugen. Stroll between ancient notch-log walls, and embrace the ambiance of centuries-old festive traditions.

Another chapter is Christmas gift shopping in Lillehammer's unique pedestrian street.

The old wooden buildings radiate a warm, urban feel, and behind beautifully lit and decorated shopfronts there is plenty of Christmas spirit – along with moments of family joy in cosy cafés. Such a story should be seasoned with a dose of excitement. Gudbrandsdalen, the valley of fairytales, offers a plethora of experiences perfect for the adventurous. A twilight-hour snowshoe walk, dog sledding across snow-clad hills, or skiing along endless trails and down thrilling slopes – the choice is yours.

Welcome to Lillehammer, Gudbrandsdalen, and your Christmas story!

Nikkers offer delicious dishes delivered with a smile from the kitchen.

Welcome!

It is a centre full of interesting sites to explore; an open-air exhibition by local photographers, the new artwork "Dragon" by Linda Bakke, the world's largest cheese slicer (you may not know this, but the classic Bjørklund cheese slicer is made in Ringebu), street library in the old telephone box, and a playground with micro-library - to mention but a few. HOW TO GET AROUND - Eco-friendly transport

Gudbrandsdalen offer numerous opportunities for eco-friendly travel. Car is the most convenient form of transport in the region, but bicycle, bus, and train are excellent alternatives. Lillehammer Skysstasjon is the main bus terminal, railway station, and taxi rank. Further north in Gudbrandsdalen, the main transport hubs are Ringebu Skysstasjon and Vinstra Skysstasjon. The E6 (the main north-south artery in Norway) runs through Lillehammer and Gudbrandsdalen.

By bus
There are bus services to most of Lillehammer's attractions every half hour. During the period 15 June 2018 to 22 April 2019, there is a winther bus service from Lillehammer to Nordseter, Sjusjøen, Hafjell Alpinecenter and Skeikampen. For timetables, please see **www.opplandstrafikk.no**

By train in Gudbrandsdalen
The Dovre train will stop in Lillehammer, and has three daily services northbound to Trondheim. There are stops at Hunderfossen, Ringebu, Vinstra, Kvam, Otta, Dovre, and Dombås north in Gudbrandsdalen. For timetables and tickets, please see **www.nsb.no**

EVENTS TO LOOK FORWARD TO...

Peer Gynt

Peer Gynt 2 - 11 August
New performance in 2019! In a completely new Peer Gynt at Gålå, we are brought back to the 18th century in Gudbrandsdalen valley. To a village that is characterized by religion and rules. Director Marit Moum Aune is fascinated by the contrasts between the nature at Gålå, the cramped village life and Peer Gynt itself. She is also fascinated by Ibsen's elegant change between humor and seriousness.
