Welcome to Norway's largest, most spectacular winter resort

*Explore Lillehammer and Gudbrandsdalen
– a destination with stunning scenery, unique
attractions, and great adventures*

Lillehammer

The famous pedestrian street in Lillehammer offers a cosy village feel rarely found in urban settings. Storgata, lined with idyllic wooden town houses, provides the framework for a modern and friendly shopping experience and is an attraction in its own right. Lillehammer is renowned for hosting the Winter Olympics in 1994 and the Winter Youth Olympics in 2016, and has several Olympic Arenas well worth a visit.

Sjusjøen og Nordseter 4 6

Sjusjøen and Nordseter are the mountain areas closest to Lillehammer. Both are located less than 20 km from the town centre, and offer cross-country ski trails of which several are groomed for freestyle skiing. In March, thousands of skiers participating in the 54 km long Birkebeiner Ski Race pass through Sjusjøen on their way from Rena to Lillehammer. Sjusjøen is also excellent for alpine enthusiasts with Sjusjøen Ski Centre offering downhill skiing as well as a cross-country and biathlon arena.

Hafjell, Hunderfossen, Øyer 1

Wide range of adventure activities within a small radius: Hafjell Alpine Centre is the ultimate ski resort, offering something to suit all age groups and skill levels. The cross-country ski trails in Hafjell and Øyerfjellet form part of Norway's largest and best trail network. Hunderfossen Winter Park is an enchanting experience in snow and ice. At Lillehammer Olympic Bobsleigh and Luge Track, you get to try adrenaline-filled Olympic activities. Other attractions include the Norwegian Road Museum, Lekeland Hafjell, and many others.

*The numbers indicate where the destinations are located. Please see the overview map of Lillehammer and Gudbrandsdalen, page 66.

Kvitfjell, Venabygdsfjellet, Ringebu **2 9 11**

Kvitfjell is home to Norway's most spectacular alpine runs, created for the 1994 Winter Olympics. On the eastern side of Gudbrandsdalen are the breathtaking Ringebu fjellet, Venabygdsfjellet, and Rondane - a stunning high-mountain experience with way-marked ski trails. Ringebu is often referred to as Norway's smallest town, and has a history as a commercial centre dating back to 1899. Here you will find a wide selection of speciality shops in charming surroundings.

Vinstra, Gålå, Kvamsfjellet and Rondane National Park

12 5 10 14

Visit the central part of Gudbrandsdalen, and discover a spectacular mountain skiing area as well as a host of cultural experiences in an authentic setting. Vinstra forms a famous part of the World of Peer Gynt, and is the region's centre. Gålå offers skiing in gentle high-mountain terrain, and the ski centre Gålå Alpin is perfect for the whole family. On the eastern side of the valley is Kvamsfjellet - a gateway to Rondane National Park. In February you can take part in the Furusjøen Rundt race, also known as the Adventure of Rondane.

Skeikampen, Espedalen (Gausdal) and Skåbu **3 7 8**

Skeikampen, some 45 minutes by car from Lillehammer, is a resort ideal for cross-country and alpine skiing. It is located in the mountain area known as the World of Peer Gynt, where you also find Kvitfjell, Gålå, and Espedalen. Espedalen in Vestre Gausdal is another fantastic starting point for outdoor pursuits, whatever the season. It is also home to Helvete Nature Park featuring Northern Europe's largest potholes.

Rondane and Langsua National Parks **14 15**

Rondane National Park is a high-mountain area between the Gudbrandsdalen and Atndalen valleys, and towers over vast, lichen-covered mountain plateaus. Langsua National Park is an extensive mountain landscape north-west of Lillehammer, and this family-friendly area offers easy access to outdoor adventures all year round.

Tyrili Klatresenter - climbing centre

Climbing builds confidence, and is an incredibly fun activity to do together as a family. In Lillehammer you will find Norway's most amazing climbing centre, where children have their own practice area as well as the opportunity to book lessons with an instructor.

Lekeland Hafjell - play centre

One of Norway's largest indoor play centres with slides, obstacle courses, ball pools, and a haunted room. Children are encouraged to jump, climb, crawl, balance, slide, explore, and discover... Designated areas suitable for children aged 0-3 and 2-4.

Page 27

Tobogganing

A highly popular activity where you can attach your toboggan directly to the lift to get to the top, and then zoom back down the hill. The Gålå tobogganing run offers beautiful views of the World of Peer Gynt, and at Kanthaugen you will have a vista of Lillehammer town centre.

Page 26

Jorekstad Leisure Pool

Jump in, splash around, and have fun in pools suitable for all age groups, zoom down the 43-metre long water slide, and challenge yourself at the climbing wall. Fun and excitement for the whole family.

World Cup Lillehammer, 30 Nov to 2 Dec

This year's World Cup at Lillehammer will be a test of strength and endurance. The gruelling and intimate trails at Lillehammer will be challenging, and in an Olympic season the athletes have to partake from the start. We have celebrated numerous large events at Birkebeineren Ski Stadium, and this is bound to be another hit. At the ski jumping arena the men will go all out for the best possible placing in Nordic Combined, whereas the women will compete in the large hill for the very first time. This will take place on Sunday 2 December.

Birken Ski Festival is a tribute to cross-country skiing, and is for everyone - regardless of age and fitness level. You are guaranteed to find a race suitable for you. Birken is a natural target to train for throughout the season.

"Landsbygalleriet Ringeby" is an outdoor photo gallery in Ringeby village, accessible to visitors all year round. The pictures are taken by local photographers, as well as one guest photographer, all from the age of 15 to 75. The pictures are located on selected houses around the central area of Ringeby village, and the motives are changed four times a year. This makes the gallery a dynamic attraction for all visitors. www.ringeby.com

LOOKING FORWARD TO SUMMER...

**Peer Gynt
Festival,
4-13
August**

Peer Gynt at Gålå in 2017 was a great success, with a record number of visitors and excellent reviews. This coming summer, Jakob Oftebro and Nils Ole Oftebro will both be back in the role as Peer. If you missed this critically acclaimed play last year, you have a golden opportunity to visit in 2018. The Peer Gynt Festival also comprises a number of other events, such as the mountain concert "By Rondane". Programme and tickets available at www.peergynt.no

The travelling theatre at Maihaugen during summer has become immensely popular - and with good reason! You get to experience life as it was 200 years ago, and will have a great time in the company of others. Explore log buildings and farms from the 1800s, experience urban life in the 1900s, and recognise the more modern buildings from the 1970s, 1980s, and 1990s. Maihaugen offers wonderful adventures for both young and old.

Maihaugen

Both running and cycling are on this summer's programme. The runners go first and will compete on 9 June, whereas as the MTB event is held on 25-26 August. All fitness levels and age groups are catered for. A natural target to train for, all year round.

**Hunderfossen
Family Park**

Foto: Esben Haakenstad

The country's very own fairytale adventure park. With over 60 activities for the whole family, this is one of Norway's most popular tourist attractions. Doors open for the summer season in May. In July, the trolls come to life when the sun sets and you can experience the "Night of the Trolls" - a spectacular play at the Kongsgården amphitheatre.

**Literature
Festival,
30 May to
4 June**

Foto: Caroline Strømhylden

The Norwegian Festival of Literature is the largest of its kind in the Nordics, with a varied programme for readers of all age groups. Would you like to see authors on stage, and discuss literature and topical issues with like-minded people? We can guarantee words that will stir emotion and experiences that will make you think. 400 authors and artists from all over the world.
